ISI Marked Laboratory Glasswares

Safe, Reliable, & Accurate

We take pride in offering ISI mark laboratory glassware a symbol of uncompromising quality, safety, & precision. From volumetric flasks to beakers and measuring cylinders, each product is manufactured using high-grade materials & undergoes rigorous testing, to meet and maintain the high-quality criteria essential for the ISI certification approval

What is the ISI Mark?

The **ISI mark** is a certification mark issued by the **Bureau of Indian standards (BIS)**, the national standards body of India. It signifies that a product conforms to the specifications & quality standards set by BIS.

The ISI mark ensures that the products:

Safe

Reliable

Trust

Benefits of ISI Mark

Built consumer trust

Ensure product quality

Enhances market access

Competitive Advantage

Quality Assured ISI Products

- Laboratory glassware is crucial to accurate & reliable scientific results. To ensure safety & quality, the Bureau of Indian Standards (BIS) mandates certification for various types of laboratory glassware used in chemical analysis, titration, & precise measurements.
- We offer high-quality, ISI-marked glassware trusted for its safety, precision, & durability - deal for students, scientists, & hobbyists alike.
- At Borosil Scientific Limited, we prioritize quality. Our ISI-marked lab glassware meets strict national standards, ensuring high performance, safety, & reliability through rigorous testing.
